You will be on Espinoza for just over 1/4 mile.

Count speed bumps. I am just after the third speed bump.

You will pass a cemetery on the left at the second speed bump, and will then cross a third speed bump in less than 50 yards.

Immediately after the third speed bump you will see two gravel roads on the left one right after the other and a property with junked cars on the right. Don't turn there, wait for the green gate on the left.

My property is to your left front on the East side of the second gravel road. It has Russian olive trees inside a horse fence. There is a green mechanical gate on the left about 40 feet after the second gravel road. House numbers are on the posts marking the turn in to the property.

Turn into the property at the green gate. Phone: 575-758-3708.
